FRIENDLY REMINDERS

- **Flu Vaccines are required for ALL children by 12/31/25**
- As we head into cold season, we kindly ask that you keep your child home if they're not feeling well. This gives them the rest they need and helps keep our whole community healthy.

NOTE FROM ALISON

What a wonderful start to the school year! The children are settling beautifully into their routines, getting to know their teachers, and forming new friendships. Their curiosity and enthusiasm shine through each day as they explore the classrooms and dive into new activities. I've loved getting to know each of them, and all of you, and I'm so excited to watch their growth in the months ahead. Thank you for all you've done to make these first weeks so smooth and joyful!

THANK YOU!

A big thank you to our wonderful room parents for volunteering your time and energy this year! Your support helps create such a strong sense of community in our classrooms, and we're so grateful for all you do to help our teachers and families stay connected.

LET ME KNOW!

If you'd prefer to receive fewer emails, just let me know and I'll remove you from our distribution list.

HIGHLIGHT ON... SCIENCE WITH MS. MARIANNE

September has been an exciting month of discovery in science! The children have been learning about the life cycle of a monarch butterfly, and the incredible transformation from caterpillar to chrysalis to butterfly. They've also explored sunflowers and pollination, noticing how plants grow and how bees and other pollinators play such an important role in nature.

Looking ahead to October, they'll be diving into all things pumpkins - from how they grow to their many shapes, sizes, and colors. It's going to be a fun and festive unit!
