A NOTE FROM ALISON

December has been a magical time at TPNS! Our classrooms were filled with joyful projects, cozy story times, and lots of opportunities for the children to learn about generosity and kindness.

Thank you for your support with our Giving Tree! Your donations will really brighten the season for local families.

As we wrap up the year, I want to share how grateful I am to be part of this warm, welcoming community. Thank you for making my first few months at TPNS such wonderful ones.

Wishing you all peaceful, joyful holidays and a bright start to the new year. See you in 2026!

Warmly,
Alison

FRIENDLY REMINDERS

- **Flu Vaccines are required for ALL children by 12/31/25**
- Cold-weather illnesses are circulating. Thank you for helping keep our community healthy by keeping children home when they're not feeling well.
- Please send your child in with warm layers, as we'll continue to enjoy outdoor play as often as possible.

SUPPORTING INDEPENDENCE

Winter is the perfect season to help young children build independence. At school, we encourage children to put on their own coats, hats, and mittens. It builds confidence, fine motor skills, and a sense of accomplishment. At home, you can help by giving a few extra minutes for getting dressed, teaching easy tricks like the "coat flip," and offering gentle encouragement rather than stepping in right away. It may take a bit longer, but the pride children feel when they do it themselves is worth every second!

WINTER BOOK RECOMMENDATION

Over and Under the Snow

by Kate Messner

A gentle look at animals and life under the snow!

SUPPORTING EARLY LITERACY

Reading together is one of the best ways to help young children build language, curiosity, and a love of learning. Try setting aside just 10-15 minutes a day for a cozy story time.
